Living WITH Epilepsy

CBD-What Patients and Parents Need to Know

Thursday, November 14| 6:00 - 7:30pm

Athens Public Library|30 Home Street| Athens, Ohio 45701

Learn about how CBD can be used to treat difficult to control seizures (intractable epilpesy) from epilepsy specialist Dr. Daniel Freedman. Individuals living with epilepsy, loved ones and caregivers are all welcome to join.

The Epilepsy Alliance Ohio will be broadcasting this event LIVE on Facebook! Light food and drinks will be provided, visit their Facebook page at the time of the event to tune in.

Dr. Daniel Freedman
Pediactric Neurologist
Nationwide Children's Hospital
