

# Epilepsy Surgery Patient and Family Conference

**August 27, 2022**  
**8:15 AM-2:30 PM**

**Cincinnati Zoo & Botanical Garden**  
3400 Vine Street  
Cincinnati, OH 45220

The Epilepsy Surgery Program at CCHMC strives to reduce seizure frequency, achieve seizure freedom, decrease and/or eliminate medication side effects, and improve the quality of life of children and their families coping with medication-resistant epilepsy. We are a multispecialty comprehensive medical team that employs state of the art medical and surgical technology to treat patients with epilepsy. Since inception in 2006 we have performed more than 2500 surgical procedures using state of the art technology to minimize side effects and maximize results.

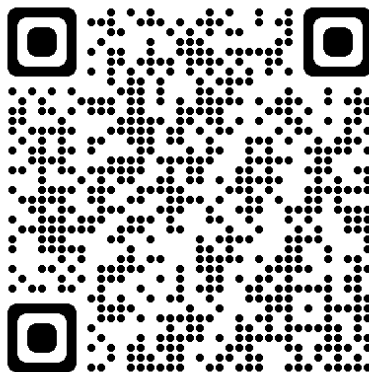

Our goal with our new conference is to offer our patients and their families a day of new knowledge, inspiration, and fellowship. Invited speakers, educational panel discussions, small group Q&A, Music Therapy presentation and sessions, participation by the Epilepsy Alliance of Ohio, and recreation are planned for a full day of fun and education.

**Registration is \$25 per group (patient and up to 4 guests).**

**Registration includes parking, entrance & all-day access to the Zoo, breakfast, lunch, and access to all planned activities.**

Financial assistance is available. Email Shelly Miller ([shelly.miller@cchmc.org](mailto:shelly.miller@cchmc.org)) for more information.
