

The Update

September 2023

Braxtin Gruber suffers from Dravet and Lennox Gastaut Syndrome. His sister Addyson put together a fundraiser to not only help Braxtin, but all those who suffer from these syndromes. We would like to thank the Gruber family as a portion of the proceeds from this fundraiser, \$2,000, will benefit our many programs and services. Thank you so much for your generosity and support! Our thoughts and prayers are with Braxtin and all those dealing with epilepsy.

Thank You!

Are you or do you know a young adult with epilepsy? We are seeking 18 to 24 year olds with epilepsy to participate in our SMART Program. This free 8 week virtual course focuses on practical strategies for managing epilepsy.

Contact us to learn more or join!
