S.M.A.R.T. Program

Managing Life with Epilepsy: An 8-Week Virtual Course

Are you an adult living with epilepsy or do you know someone who is? Would you like to learn some strategies to help improve your quality of life? Epilepsy Alliance Ohio is holding a virtual 8-week, one hour per week, class for adults with epilepsy focused on practical strategies for managing both physical and emotional well-being.

Each week, the group leaders highlight different topics in wellness for epilepsy. Participants have an opportunity to share their experiences living with epilepsy and learn from each other. Groups will be limited to 10 participants. Participation is free of charge.

Next session will be Spring 2025.

To enroll and/or be added to the waiting list, please go [here](#) or contact Patty Trotta at 513-721-2905 or patty.trotta@epilepsy-ohio.org.

A Guide to Supporting Students with Epilepsy

Create a Safer Environment for all Students & Staff

[Get Your eBook](#)

Empower your school community to provide support for students with epilepsy and be prepared to respond to seizures with our eBook, *Improve School Safety: A Guide to Supporting Students with Epilepsy*. Even if you don't have student or staff diagnosed with epilepsy, the CDC shares that 1 in 10 individuals will experience a seizure at some point in their lives. That's why we've partnered with Epilepsy Alliance America to design this resource specifically for administrators like you who are committed to creating inclusive and supportive environments where students and staff can thrive.
